Teamine Concealer Anti-aging Complex

- Diminishes the appearance of dark circles
- Conceals imperfections while brightening the under-eye area
- Reduces the look of fine lines, wrinkles and puffiness

Teamine Concealer contains clinically proven peptides, extracts, natural minerals and antioxidants that can, over a period of as little as 4 to 8 weeks help your skin appear more firm and revitalized. Ingredients, such as caprooyl tetrapeptide-3, has been shown to enhance the condition of the skin and reduce fine lines. Brazilian ginseng, South American marapuama and white lily extract may help reduce the appearance of dark circles. Green tea, vitamin E, THD ascorbate and grapefruit extract have been shown to provide antioxidant benefits.

Available in Light and Medium skintone colors.
